

FVU at DTU

Free Danish Classes

- Focusing on reading and writing

What is FVU (Preparatory Adult Education)

FVU is a free Danish course aimed at students with some knowledge of Danish. FVU is free of charge as there is no tuition fee or deposit.

FVU is a good supplement to Danish Education 3, as the course focuses more on written language. You can also attend FVU classes without being enrolled in Danish Education 3. FVU works very well for students, who speak some Danish and wish to expand their vocabulary, improve their writing and become better readers. However, note that FVU focuses on text, whereas Danish Education focuses on the oral language.

FVU is divided into levels (trin). We offer the following levels at DTU Campus: FVU Start, FVU level 1 and FVU level 2. Classes take place once a week and there is continuous intake.

FVU Start

At **FVU Start**, you will learn new words. You will be able to read more texts and improve your writing and conversational skills. Furthermore, FVU Start prepares you for FVU level 1. We read Danish webpages and other texts with useful information about living in Denmark. In that way, FVU enables you to mingle into Danish society. The course concludes with an evaluation.

To enrol at FVU Start, you must have completed module 2 in Danish Education 3, or have an equivalent level in Danish.

FVU level 1 and 2

At **FVU level 1 and 2**, you will learn the basic prerequisites for reading and writing Danish. We focus on grammar and teach you simple spelling techniques and you will practice until the rules are automated and easy to use. We read more complicated texts, which among other things, give you the vocabulary for working in Denmark. You conclude the course with either "Trinprøve 1" or "Trinprøve 2".
